4. DELEGATIONS, SPECIAL SPEAKERS AND PUBLIC INPUT:

4.1. RFD-2021-010 – Daycare Proposal for Grand Tracadie

Presented a proposal for a Daycare for Grand Tracadie. Proposal included use of all rooms and kitchen, will employ 1 part time cook, 7 full time staff plus owners, open from 6:30am -6:00 pm. Upper floor of facility could still be used for Community activities after 6pm and in the summer. Council to review.

5. REPORTS:

5.1. Mayor's Report

Mayor will continue working with CAO & Committees and provide guidance where he can, working on the budget for 2021-2022

5.2 CAO Report

CAO is in a CAO training course and leadership course. Mayor thanked Stephanie for all her hard work.

5.3 Finance and Administration Committee

Chair Peter Vriends advised most work has been on the budgets which were presented earlier this evening. He referred Council to his report. Councilor Bob Doyle informed Council regarding the in-kind donations from Riptide, they have cleared land, dug post holes, moved the shed, got donations for building dugouts.

Financial info will be sent by Councilor Doyle to the Committee and Council.

Have requested the Fire Dept financials to put on the website.

5.4 Water and Environment Committee

Chair Wanson Hemphill stated the Committee had information gathering sessions with septic contractors and pumpers and some indicated many improvements have been made over the last 10

March 10, 2021 Approved Regular Meeting Minutes, Rural Municipality of North Shore

years. Sources for future water and sewer systems will be looked at. Some contractors have seen no problems in any of the septic systems on the Stanhope Peninsula.

The Committee would like to confirm this information with a more detailed study this summer.

5.5 EMO Committee

Chair Derek Cook waiting on FPEIM to help with some documents. Completed work around the roles and responsibilities of members of the committee.

5.6 Planning Board and Development Permit Report

Chair Krista Shaw is waiting on getting the legal review back from the consultant before next steps can be taken.

Approval of 3 Development permits this month.

5.7 Recreation and Community Engagement Committee

Meeting was cancelled due to Covid 72 hr circuit breaker

8. RESIDENT CONCERNS FROM COUNCILORS:

CAO Stephanie Moase requested that if any Councilors had a Resident Concern that they know has previously been declared as a conflict please let everyone know

Councilor Shaw stated the Mayor Watts did not declare his conflict of interest at the first of the meeting and asked him to declare as Councilors may have Resident concerns that deal with his conflict.

Mayor Gerard Watts declared a Conflict of Interest on property (located on 3553 Bayshore Road.)

Councilor Hemphill: Stated, without going into specific detail, has been receiving phone calls on a certain permit approval.

Councilor Shaw suggested Mayor excuse himself for the whole Resident concerns, Mayor stated Council could go back to that one and continued to see if Councilors had any concerns to discuss other than ones he would be in a conflict on.

Councilor Cook: Residents concerned over snowmobiles going up and down (mainly Friston) road at 3:00 am

Councilor Doyle: Some roads in the Community need paving. MLA had mentioned that at the meeting in January

Deputy Mayor MacKinnon: Snowblower for snow removal should be looked at for next year at the rink, wondering about trails at the Commons, concerns over lack of child care in the community.

Councilor Shaw: Unable to discuss while Mayor in the room

Councilor Vriends: Similar to Councilor Shaw, unable to discuss with the Mayor in the room. Also has an item that will be dealt with in-camera

Mayor Gerard Watts left the room at 7:39pm.

Deputy Mayor Nancy MacKinnon Chaired the meeting

Councilor Hemphill: Referred Council to a letter received by Council outlining concerns over the Mayor's conflict of interest

There was discussion regarding when and how a Conflict should be declared for the protection of Council as a whole. The question is how will a Council member know to declare a conflict if the item is not actually on the agenda. It is the responsibility of the Council Member in conflict to declare as soon as they are aware that there will be a discussion that puts them in a conflict and to recuse themselves from the discussion. CAO will add a line on the agenda to question if there are resident concerns that will put someone in a conflict of interest.

Councilor Shaw: Tabled the letter received by Council regarding the Mayor's conflict of interest

Mayor Gerard Watts reentered the meeting at 7:45 pm.

Mayor Gerard Watts: No resident concerns to discuss.

9. CLOSED MEETING – In Camera

Water and Environment Report for Mar 2021 Council Meeting

Water & Environment committee continues to work on several initiatives with committee members bringing information forward.

The Blue Community initiative is further clouded by another similar program, Blue Dot , promoted by the David Sukuki Foundation. Further research into both programs will be completed.

A Water Conservation Package will be developed for the web site and as a handout.

A concern from a meeting with a septic installer, who had seen some septic installations that didn't meet standards, led to a recommendation that a letter be sent by Council to PEI Environment, MLA, MP and Federation of Municipalities asking for Government oversight on new septic installations on small lots.

Although there is sufficient water recharge for 1130 homes and current coliform and Ecoli rates are similar to provincial averages, Management from PEI Drinking Water & Wastewater continue to recommend a central water & sewer system for Stanhope Peninsula. The Committee believes that a Central Sewer system will be needed in the future as small lot development continues. We suggest that we continue to promote water conservation and septic maintenance while planning for future needs. We are recommending that a joint committee be struck to search for possible sites for a future septic system and possible locations for a deep water well. In 2013, PEI Hydrologist Quin Li showed 2 locations within Stanhope Peninsula for well sites with potential volumes for each site. Septic Maintenance Bylaw Objectives will be further revised, circulated and discussed at the next meeting.

Next Meeting April 7.

EMO Report for Mar 2021 Council Meeting

The Rural municipality of North Shore Joint EMO had a well attended meeting on February 22 at the North Shore community centre. There were representatives from all communities involved, in attendance. The main focus of the meeting was to move forward on the MOU/Emergency Aid Agreement, The Emergency Management Bylaw and the EMO Management plan. We were able to make some progress on each item. It may seem like the committee is stuck in neutral but we are dealing with 3 community councils with each item. Designations for the EMO plan were decided on, with all committee members assigned their responsibilities in case of an emergency. Volunteer lists will now have to be updated so we can have a relatively new list of people to activate if needed. The committee is now waiting on some direction from Municipal affairs regarding wording in some of our agreements with our Joint partners hopefully this will be done soon! The committee's next meeting will be on March 15th

Tks Derek Cook chair.

Good Morning

I am writing on behalf of the Glenaladale Heritage Trust.

One of the festivals we have which we hope to continue as an annual one is the Rum Running Festival -a three day festival in the fall.

The Trust has applied for funding through Canadian Heritage " Building Communities through Arts and Heritage" fund and one of the items required is support from a municipality. Tracadie and the Glenaladale Estate are not in a municipality so we are asked to reach out to neighboring ones for support. NOTE: this does not have to be financial support but rather can be in kind--such as promoting on your website etc.

I have attached a form and if the North Shore Municipality is willing we would appreciate it being filled out and returned.

Thank you for your time and support.
