

SCIENCE IN OUR BAYS

DALHOUSIE
UNIVERSITY

MONDAY, AUGUST 25
6:30–7:30

Community Centre
Rural Municipality of the
North Shore

**Dr. Barret
Kurylyk**

**Martina
Di Iulio**

**Dr. Sarah
Stewart-Clark**

All are welcome to attend to learn about climate change research occurring within the municipality on fresh and salt water intrusion, impact of turbidity on oysters and lobsters, invasive species and sediment movement within the bays.
